1953 Fair Opens In Just 358 More Days

Porterville's 1953 Junior Livestock Show and fair opens in just 358 more days and directors of the event plan to meet next week or the following week to make a final check on the 1952 show and start planning for 1953.

An estimated 11,000 persons visited the new permanent grounds for this year's fair that closed Saturday night, setting a record in this department.

Other records this year included 64 commercial display spaces sold — the greatest number ever sold; the largest total — more than $17,000 — on the junior fat stock auction; the greatest number of donated hours in preparation for the fair — an estimated 6,000 man-hours from people of the community and the largest crowds at the nightly grandstand shows.

Concerning financial status of he fair, a check is now being made and a complete auditor's report will be published as soon as available.

POPLAR GRANGE RESOLUTION CALLS FOR RESIGNATION OF SUPERINTENDENT OF SCHOOLS

Resignation of J. Post Williams as county superintendent of schools was called for by members of the Poplar Grange in a resolution passed unanimously Tuesday evening at a meeting in the Poplar Grange hall.

The action was taken in view of the 1951 Tulare county grand jury report in which the county superintendent was severely criticized for the manner in which he has conducted his office and the manner in which funds have been handled.

Copies of the Poplar Grange resolution will be sent to other Granges in the county, as well as to many other organizations, with a request that these organizations support the action of the Grange. Statement in full of the Poplar Grange is:

RESOLUTION

WHEREAS, The 1951 Tulare County Grand Jury is a duly authorized body representing the citizens of Tulare County, and, as such, after investigating the activities of Tulare County Government, have issued a report, which

Roads Subject Of Meetings And Hearings

Things are buzzin' in the Porterville chamber of commerce road committee, what with meetings and hearings relating to southern Tulare county roads coming up in the near future.

One June 13 members of the state highway commission will be in Porterville to look over the road situation, with local committeemen to emphasize the importance of completion of the new highway 65. In addition, approaches to Porterville off the new highway will be discussed; need for extension of Poplar highway, east, to serve the new state hospital and need for improvement of the Springville highway will be explained to highway commissioners, who , after visiting Porterville in the afternoon will go on to Lindsay for dinner in the evening.

A public hearing on extension of Henderson road toward the east to tie in with north Main street in Porterville, is expected to be held in Porterville during June. The hearing will be before the state securities commission, since the extension involves a new railroad crossing.

Coming up tonight at Berkshire's Barbecue restaurant in Porterville is a meeting of Porterville road committee members, county officials, county chamber of commerce representatives and others to discuss the long-talked trans-Sierra highway. On June 6, a hearing will be held in Sacramento relative to a road across the mountains from Fresno, a project that is being pushed by Fresno interests.

LET'S VOTE AT PRIMARY NEXT TUESDAY

Local, county, state and national issues will be decided at the primary election coming up next Tuesday, June 3, with judgeship races in the new consolidated court districts and the Republican convention delegates issue holding the spotlight.

In the Lindsay consolidated court district, Judge R. D. Baird, justice of the peace at Strathmore and J. W. Wheeler, justice of the peace at Lindsay, are seeking the judgeship and in the consolidated Porterville district, two candidates are running — Judge J. Lloyd Stewart, justice of the peace at Ducor and Aubrey M. Lumley Jr., justice of the peace in Porterville.

Seeking delegates to the Republican presidential nomination convention are Governor Earl Warren, a candidate for president of the United States, and Congressman Thomas H. Werdel, who is heading an "uninstructed" delegation.

In the first district supervisorial race, Incumbent and Board Chairman Rodgers L. Moore is opposed by Jacob Pluth, listed on the ballot as a farmer, and for assemblyman from the 35th district that includes Tulare and Kings counties, Roscoe Patterson, Republican, is opposed by Gertrude Porterfield, Democrat, with both the latter cross filing.

For United States Senator, Incumbent William F. Knowland, Republican, is opposed on the

Pyles' Camp Crews Getting Ready to Open

First crew went into the R. M. Pyles' camp at Lloyd meadows this week as work got under way preparatory to opening the camp for benefit of some 240 boys this summer.

Equipped with hand tools and a special outfit to burn through any snow packs that might be found on the trail, a group headed by Bob McAdams, former Porterville resident, came through Por-Porterville last Friday.

Considerable improvements will be made at the Lloyd meadow camp and on the two Pyles camps on Kern river this year. It is planned that boys will be given a two-week outing at the camps this year.

Director of camp operation is Springville. The camps are fi-

HEALTH OFFICIAL MAKES STATEMENT ON GREEN MILL

Concerning status of the Green ll plunge in Porterville, the following letter has been received y C. H. Weed, owner of the pool, from G. Wayne Powell, M.D., Tulare county health officer.

"On February 15, 1952, in response to a request made by Porerville City Recreation department, Mr. V. Ralph Gunderson submitted certain information in regards to the Green Mill swimming pool.

"Unfortunately, the contents of that letter appear to have been misinterpreted by some. We did not run a bacteriological test on your pool and therefore you were not, to our knowledge, violating any law in operating the pool as

A. J. LAPI HEADS NEW SPRINGVILLE PROGRESSIVE CLUB FOR PROMOTION OF BUSINESS AND CIVIC ROJECTS

A. J. Lapi has been elected president of the newly-formed Springville Progressive club; other officers are: Ted Morgan, vice president and Ted Stancliff, secretary-treasurer.

Mr. Stancliff states that purpose of the new organization is "to promote better business and civic conditions and to encourage new enterprise in Springville . . . and to support any worthwhile movement or project of a progressive nature."

First project attempted by the club is the ordering and placing of four sidewalk trash cans in the Springville business district.

On a five-man executive committee are the elected officers, plus two members at large, selected from the club roster in alphabetical order. Officers and committeemen serve for a period of six months, with two consecutive terms the maximum that any officer can hold.

Membership is open to "all men of the community who are interested in the progress and improvement of the community and who will pledge to uphold the purpose and aims of the organization."

Democratic ballot by Clinton D. McKinnon and Arthur W. Watwood and on the Republican ballot by Mr. McKinnon and Robert D. Adams.

Incumbent Republican Thomas H. Werdel is opposed for congressman from the 14th district that includes Tulare, Kings and Kern counties by Harlan Hagen and Roy L. Riales, both Democrats. All three have cross filed, so their names appear on both Republican and Democratic ballots.

A race has developed for Republican Central committee members from the first supervisorial district, with Incumbents William R. Rodgers and Theodore A. Alexander, and Allen G. Basye, Burke E. Burford, Charles E. McLaughlin, George K. Osborn Jr. and Mrs. Ruby A. Holworthy seeking five posts.

Running for five positions on the Democratic Central committee from the first district are Glen R. Cline, Joseph C. O'Hara, Homer Gordinier and Ross H. Boyd.

In the Pixley Judicial district, three candidates are seeking the office of judge: M. W. Del Re Jr., O. W. Bryant and Carl M. [illegible]e is.

On the Democratic ticket seeking delegates to the Democratic presidential nomination convention are Edmund G. (Pat) Brown, California attorney general, "favorite son" candidate, and Estes Kefauver, presidential candidate.

FARM VIEW
May 22, 1891

The election of school trustees under the amended law takes place on Saturday. We hear the names of several persons suggested for the Porterville district, viz: J. B. Hockett, E. Newman, David Vaughn and John Manter. Mrs. Redd, the present incumbent, we understand, does not wish to be a candidate.

Ike Shey has moved into his new store in the new brick building of P. P. Davis.

Robert Clark, who has been absent from Porterville for two years, returned home Tuesday night.

It is reported that the store next to Rigg's old store has been rented by Scott & Redd for a bakery and chop house.

On the 26th day of May, two years ago, Lewis, son of Royal Thompson, living on Deer Creek, was brought to Dr. Whitlock to have an arm set which had been broken by falling from a horse. Last Saturday, the same child was brought to the doctor to have his arm reset from a break in the same place, caused by falling from the top of a barn into a manger.

Miss Gelley's recitation of "Over The Hills to the Poor House," at the reading room entertainment last Saturday evening, was such as to impress us with the idea that with proper development she would become a first-class actress on the stage.

On Monday, the citizens of Delano and vicinity engaged in a rabbit drive, but owing to some misunderstanding, most of the rabbits escaped, only about 150 being killed. One thing noticeable was that although there has been no drive for some time, there were fewer rabbits than were formerly driven up every week, thus demonstrating the effectiveness of this plan of getting away with these pests.

The horses attached to the hotel bus while at the depot, Saturday night, became frightened and in jumping, broke the singletree, which let the tongue drop from the neck yoke, and the horses started with the passengers on an evening promenade, but nothing more serious resulted than a broken tongue.

There is talk of an opposition fire company being organized. They intend having a celebration too, on June 9th. The Pioneer fire laddies will have to look to their laurels, as the Elite company will assure them of defeat if they don't.

It is recorded in the history of the Donner Party that Mrs. Graves, one of the members who perished near the lake, had buried considerable money a few days before her death. A few days ago a miner, prospecting in the vicinity, found quite a quantity of this coin loose on the ground, but as it was considerably scattered, further search is to be made.

The Porterville Horticultural society meets the last Saturday of each month at 2 p.m. at the Ladies' Free Reading room, north Taylor block. R. H. McDonald is president; J. Fred Kessing is secretary.

Dr. Foster, the specialist, has located at Kaehler's hotel, Plano, where he can be consulted free of charge.

We are in receipt of clippings from the Fort Smith, Ark., papers, one of which relates to the doings and whereabouts of the Dalton Brothers, the Alila train robbers. It appears that they were once sheriff's deputies in the Indian Territory, and that they have returned to their old haunts where the officers of the law are trying to effect their capture and that of the big rewards that are offered in this state, amounting to $3,600.

THE FARM TRIBUNE
May 28, 1848

Joe Faure, Jr., Vandalia 4-H club member, showed the grand champion steer at the first annual Tulare County Junior Livestock Show and Community fair in Porterville last week. The steer sold for 41½ cents.

A decision to levy a tax of 20 cents within the Sierra View Hospital district was reached Tuesday evening at a meeting of the district board.

One of the newest raisers of purebred cattle in this district is Ray Hutchinson, Poplar rancher, who has purchased nine Hereford cows and nine calves from Max Crumal of Porterville.

The possibility of a 10-12 million foot output of lumber from mills in the Springville country was seen this week as logging trucks began to roll and sawmills in the Springville district began season operations.

1952 COTTON HITS RECORD IN CALIFORNIA

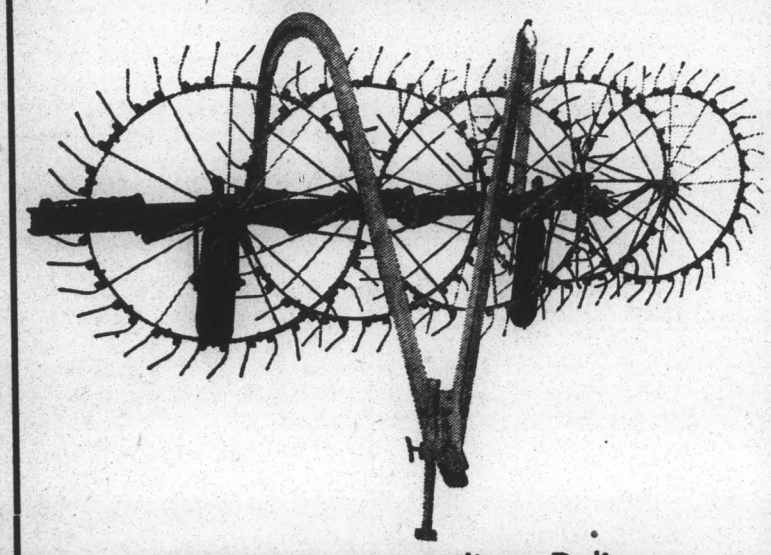

New record highs were hit in California in 1952 for cotton production and number of acres planted to cotton, according to the California Crop and Livestock Reporting service, with 1,765,000 weight bales produced from 1,320,000 acres.

Estimated value of this production ran $350,072,000 for cotton lint and $50,330,000 for cottonseed; a total value of $400,602,000. Among cotton producing states, California ranked second only to Texas. Major state production came from the San Joaquin valley.

FIFTH AND FINEST FAIR IS EXAMPLE OF WHAT A COMMUNITY CAN DO

In these days when tendency is often to look toward government agencies for ways and means of getting things done, it is refreshing indeed to see individuals and organizations of a community pitch in and do a job of the type done on the 1952 Porterville Junior Livestock Show and fair.

With arrangement completed with the City of Porterville for use of municipal property east of the ball park as a permanent fair location, it became the job of someone to go to work. And money to hire necessary workers simply was not in the coffers of the fair board.

So what happened?

The word was put out about the fair plan; about what the fair had done in its first four years; about what was anticipated for the fair in the future; about the value of the fair as a compliment to project work of Future Farmers and 4-H club members; about the fair as a medium through which so-called city and country people can sort of get together, and the word was put out that volunteer labor was needed.

The response was tremendous.

From 15 to 65 volunteers worked on the new fair buildings every weekdey night and on weekends for a period of more than a month; many civic and farm organizations brought members to the job; many individuals pitched in. It is estimated that some 6,000 man-hours of work were donated to the fair, above the hours actually spent by directors and the chairmen of various departments.

And from the record-breaking crowds this year, it would appear that the community appreciates what has been done — or we should say the community appreciates what it has done for itself, because if there was ever a real community project, this fair has turned out to be just that.

The job isn't done yet. Far from it. But a real start has been made. And with continued community spirit, as shown this year, there is no limit to the future of the Porterville show as a great, southeastern Tulare county event.

FINS FUR FEATHERS

By Phil The Forester

The proposed trout hatchery on the San Joaquin River below the dam at Friant recently received a shot in the arm to the extent of $488,000 from State horse race revenue. This is a special fund of $12,000,000 in horse race money set up by legislative action for capital expenditures to improve fishing, hunting and recreation.

At the same time and by the same act, there was created a California Wildlife Conservation Board consisting of the State Director of Finance, president of the fish and game commission and executive officer of the division of fish and game.

This board was charged with the responsibility of investigating projects proposed under the conservation board act, and if found in order and beneficial, it was vested with authority to make the special funds available to the division of fish and game.

To act as consultant in this new venture which has received nation-wide attention, the board retained the eminent Seth Gordon. Gordon has since been drafted by the governor to head the new department of Fish and Game as director and was replaced on the board by Everett E. Horn under the title of coordinator.

In his new capacity, Gordon automatically became one of the three wildlife board members replacing the executive officer, a position eliminated under the new fish and game reorganization act.

The San Joaquin River Hatchery plan was included in the first mad rush of projects submitted to the new wildlife board. This was back in March 1949 at which time the board found the idea highly satisfactory and allocated $260,000 for the job.

However, red tape and whatnot including a suitable water contract with the bureau of reclamation held progress in abeyance. In the meantime construction costs have spiraled upward.

Now that most of the red tape has been untangled to the point where building contract negotiations can be thought of seriously, the new cost of the hatchery has been officially estimated at $748,000, thus the recent additional allocation.

But certain hurdles still confront a start on the much needed modern trout hatchery including certain shortages and priorities so that even with the additional funds now available, R. C. Lewis, assistant supervisor of hatcheries for this district has no hopes of the new project being in operation before 1954.

Oft quoted figures notwithstanding, the new hatchery is scheduled to produce one million fingerling trout and 900,000 catchable size put and take trout.

In addition to the three man wildlife board, the conservation act established an advisory joint interim committee consisting of three assemblymen and three senators. These legislators are consulted on projects and voice their opinion which may influence the board decision. For our present project Assemblyman Lloyd W. Lowrey, Rumsey, dissented until funds had been allocated for an adequate number of warm water fishing projects in the Sacramento Valley.

A/2C DONALD ANDERSON, son of Mr. and Mrs. E. H. Tate, has been visiting his family in the Porterville rural area. He is stationed at Neilis Air Force base in Las Vegas, Nevara, as a weather observer.

We Only Heard
By BILL RODGERS

IT IS discouraging to note the indifference shown in some quarters to the situation that the county grand jury tells us exists in the office of the Tulare county superintendent of schools. It is encouraging, however, to see an organization come right out and speak its mind and go to bat. We say more power to the Poplar Grange in its resolution calling upon J. Post Williams to resign as county schools superintendent and it is our hope that other organizations back the Grange with supporting action of their own.

MORE THAN worth your reading time is "Conquered Press," written by William J. Coughlin, former fighter pilot in the Pacific during World War II, war correspondent, manager of United Press foreign department in San Francisco and bureau manager there, and foreign correspondent in Mexico City. Mr. Coughlin was awarded the Melville Jacoby fellowship for the study of Far Eastern affairs in 1949 and it was under this fellowship that he wrote his book . . . The book deals with Gen. Douglas MacArthur, among others, and if you are looking for the local angle, Mr. Coughlin is a son-in-law of Myron Tobias, of Poplar.

THOSE PERSONS who were up and about last Sunday morning, early, report that atomic blasts in Nevada could be heard and felt. . . . Things are pretty well stirred up politically on both the local, state and national scene. Don't forget to put your spoon in the pudding by voting next Tuesday, June 3 . . . Still forthcoming is a decision on the Porterville Veterans' Memorial district condemnation suit against Sinarle property on west Olive street. What a deplorable business that is! . . . With summer becoming apparent, a young man's fancy (an old man's too) turns to thoughts of Kern river and those fighting Rainbows. Bet you could catch a few right now, even though the river is outdoing itself.

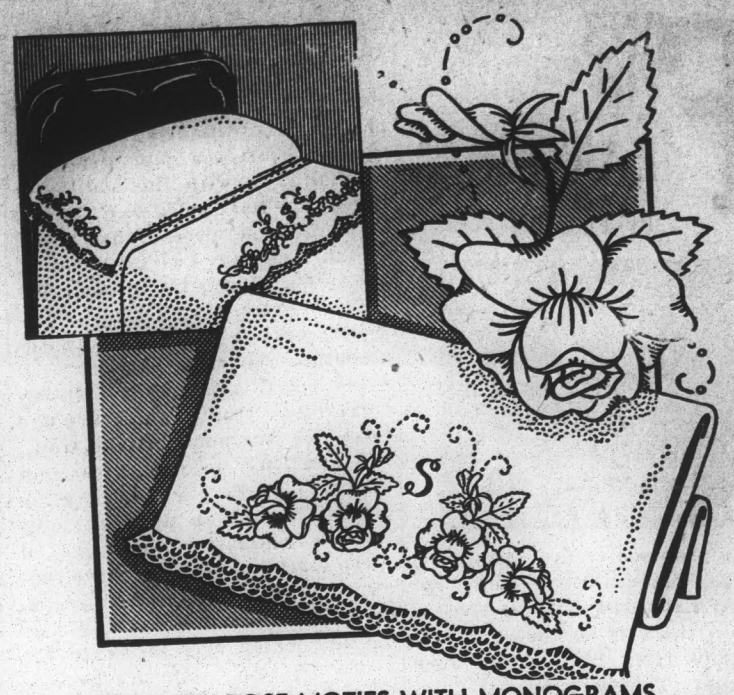

FFA Winners

Porterville Future Farmers won both upper and lower division honors in regional project judging by the California Young Farmers organization last Tuesday when Joe Faure Jr. topped Division 1, junior and senior students, and Raymond McTier topped Division 2, freshmen and sophomores. Each was awarded a $25 bond by Thomas R. Blakeley, regional vice president of the California Young Farmers. Competitive judging covered the best FFA projects in Tulare and Kings counties.

JANICE CARR, of Porterville, has been selected as one of four girls who will compete for the title of Miss Sunbeam in the San Joaquin valley; the contest is sponsored by Sunbeam Bakeries. Eventual winner of the national Miss Sunbeam title receives a trip to Paris, with her parents, and other awards.

Ski Meet In June

Ski enthusiasts from all over California will gather at Mineral King June 21-22 for the first annual Giant Ski Slalom, which is being sponsored by the Porterville Ski club, the Far West Ski association, the Central Valley Empire association and the Tulare county chamber of commerce.

PORK PURCHASED

The U. S. department of agriculture has purchased 13,700,000 pounds of pork products to "take off the market temporary burdensom supplies of pork," and has announced that it will buy more if necessary. The pork products bought will be distributed later in the year to non-profit school lunch programs and other eligible outlets.

Farm flocks of the United States laid 6,192,000,000 eggs in April, three per cent more than in April 1951.

COMPETITION MARKS FAIR'S SHOWMANSHIP

Close competition marked showmanship at the 1952 Porterville Junior Livestock Show and fair, with Herb Zimmerman winning beef showmanship; and Joe Faure Jr., sheep showmanship.

Carroll Hunsaker won first place in the 4-H beef cattle showmanship judging, with John Dennis of Ducor 4-H second and Don Hunsaker of Ducor 4-H third. There were 14 competing in the class.

Herb Zimmerman won the beef cattle showmanship award, with Joe Cadell second and Jim Martinez, third.

Raymond McTier was tops in FFA hog showmanship, followed by Lloyd Willweber and Fred Lawrence.

In the 4-H hog showmanship competition, Bob Trask won over Richard Lawrence.

Andrew Gravlee won the FFA sheep showmanship competition with Russell Reece second and Bob Zimmerman third.

Faure was unopposed in the 4-H sheep showmanship class.

Commercial hatcheries in California produced 11,123,000 chicks during April, a figure two per cent lower than in April of last year.

LYLE LIGGETT, veteran Colorado newspaper and radio man, has been named director of information for the American National Cattlemen's association.

Members of the Woodville chamber of commerce and the Woodville Civic club held a potluck supper at the Hugh Monroe home last Sunday evening.

"GET THE DENTS OUT OF YOUR FENDERS" MONTH COMING UP; CHECK FOR SUMMER SAFETY

THROUGH THOSE doors shown in the above picture is your entrance to really satisfactory car service, and when you take your car to Floyd Briggs at VALLEY BODY COMPANY, 355 East Morton street in Porterville, you can feel sure that you are dealing with a firm that knows its business and appreciates your business.

COMING UP in June is National "Get The Dents Out Of Your Fenders" month, and Floyd tells us that he has some real specials on Car Body Repairs. And no matter how badly you may have beaten up the old bus, Floyd can fix it if it's fixable.

VACATION? Sure. But will it be a safe vacation for you and your family? Before you leave, better let Les Doyel, at VALLEY BODY COMPANY, check the wheel alignment on your car. He's an expert on front end and frame work and after he gets through, you know that there will be no excessive tire wear to cost you money, or possibly to cause you trouble or an accident.

IF YOU need tires for that vacation, ask Floyd about his selection of "FIRESTONES," a tire proven and tested on the famous Indianapolis Speedway — a safety feature that only Firestone can give you. And only Firestone builds a tire with the famous Safti-sured, gum dipped, cord body, developed as a result of Firestone's unequalled experience in building racing car tires. And Floyd also has a selection of Farm Implement and Truck tires and tubes.

AND IF it is glass work you are looking for, Floyd is your man. VALLEY BODY COMPANY carries a wide selection of Clear Solex and EZE Eye Glasses, as well as glass channels and regulators.

FLOYD BRIGGS has been in business in Porterville for many years — a fact that in itself attests to the quality of his work. His address is still 335 East Morton street and the phone is 186.

Japanese To Learn American Farm Method

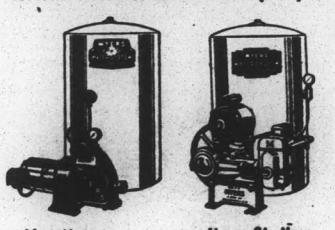

Twenty-five young Japanese farmers from scattered provinces in Japan, have been selected to live with Japanese-American families in California for a period of four months to study practical application of agricultural methods. The program is handled by the extension service of the University of California.

Walnut Size

Nothing can be done to increase size of walnuts after the shell begins to harden, consequently, Farm Advisor John H. Foott is emphasizing the importance of making sufficient moisture available to walnut trees during the early period of nut growth.

Pheasant hunting tags sold in California in 1951 totaled 188,770.

you did. Had you been operating in known violation, we would have closed the pool.

"Had our other indicatory tests (chlorine residual) continued poor, we would have run a bacteriological test. We were suggesting in our letter that in our opinion to have a system of mechanical chlorination would probably be the only way this pool could pass such a bacteriological test.

"We wish to assure you that we had no desire to impugn your character or give the impression that you were not complying with the law. Further, let us say that you may use this letter in any manner which you feel will clarify the situation so far as the citizens of the city of Porterville are concerned."

FORMER PLEASANT VALLEY LADIES AID MEMBERS ENTERTAINED AT GOULD HOME

By Winnie Gage

One of the most delightful social events of the season was held at the home of Mrs. Virginia Gould in Springville on Tuesday, May 20th, when former members of the Pleasant Valley Ladies' Aid, which was recently disbanded, had a reunion, with Mrs. Mildred Roberts acting as co-hostess.

The afternoon, following a delicious potluck luncheon, was spent in reminiscing and bringing one another up to date. The highlight of the day was the surprise presence of Rev. Helen Tooker and her co-worker, Lorna Cross. Miss Tooker formerly graced the pulpit of the Springville Community M. E. Church for seven years prior to her transfer to Caruthers nine years ago, where she now resides.

Other guests were as follows: Mesdames Ida Jones, Allie Smith, Fern Borror, Mildred Roberts, Gladys Gill, Sara Fees, Allie Graham, Isabelle Hoag, Harriet Harris, Belle Hoag, Myrtle Smith, Annie Kieffer, Evalyn Byers, Velma Gill, Gladys Wardlaw, Maud Kieffer, Allie Morrison, Helen Thompson, Frances Hill and Eva Thompson.

The Goulds have just recently moved into their new home, which is indeed lovely. Huge picture windows enhance the beauty of the surrounding hills, which hold so many precious memories in their lights and shadows.

SPRINGVILLE NEWS

By Winnie Gage

Miss Helen De Santis has returned from a short vacation with her mother, Mrs. R. V. Clevenger, of Gridley and she also attended California Dietician's Association in Sacramento.

Mrs. Elvira Herbert is visiting her sister-in-law, Mrs. Katie Curry, in Oakland.

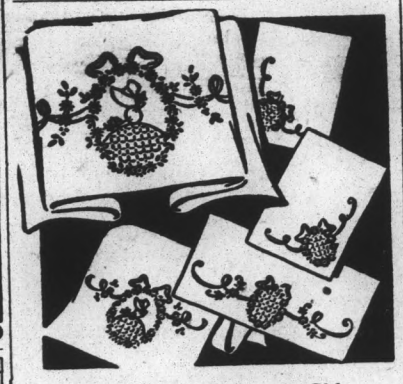

Mr. and Mrs. George Haigh and Mrs. Charles P. Hodges attended the funeral services of Edward Clemens in Fresno last Saturday. He had been ill a long time. He was one of the older residents of Springville.

Rev. and Mrs. Ollie Hall have returned to their home after a three weeks trip on the coast.

Tick Control

Lindane or BHC spray is effective in control of blue bugs, or fowl ticks, according to Farm Advisor W. F. Rooney. Loose boards and trash should be removed before poultry houses and pens are sprayed.

DWIGHT HODGES, of Rt. 3 Box 332, reports that his Holstein cow has given birth to twin heifer calves.

DESIGNED FOR BABY

Here is a group of designs for the wee ones' protection and enjoyment. Included are patterns for two bibs and a pillow slip with clever motifs for each plus miscellaneous motifs for dresses, sacques and many other uses. You will enjoy making these. Send for No. C3215 now. Send 21c to The Farm Tribune, 522 N. Main St., Porterville. Allow 15 - 21 days for delivery.

GRANGE RESOLUTION

(CONTINUED FROM PAGE 1)

should be considered to be a true and impartial statement, concerning the conduct and operation of County Business;

AND WHEREAS, The report of the 1951 Tulare County Grand Jury charges the office of the County Superintendent of Schools with business mismanagement; general administrative inability, curriculum mismanagement and personal malfeasance in office, and backs these charges with facts and examples;

THEREFORE BE IT RESOLVED, That in view of the facts contained in the 1951 Tulare County Grand Jury Report, J. Post Williams should be, and herewith is, requested to resign as Superintendent of Schools in Tulare County;

AND BE IT FURTHER RESOLVED, That a copy of this resolution be send to all Granges in Tulare County, as well as to other organizations, for the information of said Granges and other organizations, and for such supporting action as they may see fit to take.

TO ALL VOTERS WHO WANT
Eisenhower for President
Inasmuch as it seems certain that the Republican contest will be between Eisenhower and Taft, the EISENHOWER COORDINATING COMMITTEE FOR ALL OF CALIFORNIA has publicly stated that the best way to help EISENHOWER is to vote for the Regular Republican or the Warren Delegation, headed by William Knowland and Richard Nixon.
The EISENHOWER COORDINATING COMMITTEE is of the opinion that at the proper time the members of the Warren delegation will give more support to Eisenhower for President than would the rival slate of delegates. Governor Warren has stated that "so far as my candidacy and my delegates are concerned there can be and will be no effort to prevent a prompt and unimpeded selection of the nominee who can lead the party to victory in November!" The EISENHOWER COORDINATING COMMITTEE accepts this as reassurance that the California delegation will be free to vote its individual preferences as between Eisenhower and Taft early enough in the balloting to aid in preventing the development of a deadlocked convention.

A TRIBUTE . . .
To Our Laborers!
Sometimes we forget that the unsung man who mixes cement or repairs your motor car is worthy of the highest commendation. Could YOU, the average citizen of this town, handle a trowel or cure the costly ailments of a temperamental car? This requires specialized knowledge and this is the day of highly-trained specialists. The Laboring Man, whatever his calling, is a factor in our community life that cannot be discounted. Look upon him as someone who contributes largely to your modern way of life. Pay him the respect that is due his trade or specialty . . . and remember that he, too, is one of our good citizens!
